

Shark

Portable Vacuum Pump

JAVAC's own unique design encompasses state of the art vacuum pump technology in a light weight, easy to carry, attractive plastic case. A two stage high vacuum pump, the Shark has many innovative features.

The Shark vacuum pump's innovative design is based on the award winning VACPAK® cartridge, delivering outstanding performance and real value.

Available in 150 litre per minute capacity and with the option of a 230 volt or a 110 volt 50/60 Hz motor, this pump also comes fitted with 2 exhaust mist filter elements which are combined with the oil filler.

Features at a Glance

- Interchangeable VACPAK® cartridge
- Fully O-ring sealed
- High performance gas ballast
- Built in oil pump and anti suck back
- Factory set tolerances fixed for life
- Unique construction in robust blow moulded case
- Ultimate vacuum of <10 micron
- High water vapour tolerance
- Dual port inlet 1/4 and 3/8 SAE flare
- Inlet isolation valve
- Fan cooled 320 watt motor
- Low noise
- Cool to touch
- Easy to carry
- Proudly 100% Australian designed, manufactured and tested

TECHNICAL SPECIFICATIONS

Frequency	50Hz or 60Hz
Speed	150 litres per minute (50Hz) 175 litres per minute (60Hz)
Nominal Capacity	162 litres per minute (50Hz) 195 litres per minute (60Hz)
Ultimate Vacuum	15, typically <10 micron
Motor Power	320 watts
Motor	0.32Kw @ 1440rpm (50Hz) 0.32Kw @ 1750rpm (60Hz)
Oil Capacity	750 - 800 ml
Isolation	1/4 turn valve no oil suck back
Inlet Fittings	1/4 & 3/8 SAE flare
Dimensions	500mm x 300mm x 180mm
Net Weight	12 kg
Warranty	12 months

Not suitable for use with ammonia
