

# Which is the most suitable Leak Detector for you...

**JAVAC**  
Vacuum & Refrigeration  
Process Technology

Whether your line of work is residential, commercial, industrial or automotive AC or refrigeration, JAVAC have a model that will meet your demands on the jobsite.

These Leak Detectors will detect all current commercial refrigerants.

	<b>D-Tek Select</b>	<b>Compass</b>	<b>Tek-Mate</b>
Suggested applications	Industrial A/C & refrigeration (medium-heavy use)	Commercial, domestic, automotive A/C & refrigeration (light-medium use)	Domestic, automotive A/C & refrigeration (light-medium use)
Sensor technology	Infrared absorption	Heated diode	Heated diode
Sensitivity	3 g/a	4 g/a	11 g/a
Relative price (RRP) (ex GST)	\$676	\$532	\$288
Probe Type	Rubber-coated flexible metal	Rubber-coated flexible metal	Chrome-plated flexible metal
Grip / handle material	Rubber-coated plastic	Rubber-coated plastic	Plastic
Leak indicators	7 LEDs, variable intensity audible alarm	5 LEDs, variable intensity audible alarm	1 LED, variable intensity audible alarm
Power source	Rechargeable NiMH battery	Rechargeable NiMH battery	2 'D' alkaline batteries
Battery life	6.5 hours	5.5 hours	Approx. 16 hours
AC Power option	Yes	Yes	No
Automatic zeroing	Yes	Yes	Yes
Manual zeroing	Yes	No	No
Sensor failure indicator	Yes	No	No
Headphone jack	Yes	Yes	No
